Preferred Replacement Bow and Bay Windows

Series 6600 Bow & 6200/6700 Bay Windows

Features & Benefits:

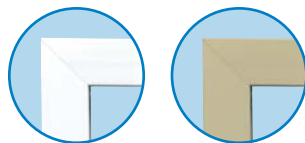

- Insulated glass helps improve energy savings and helps reduce heating and cooling costs
- Fusion-welded frame and sash create strong, weathertight corners
- Factory installed cable support system for added strength
- Fully assembled for a faster and more weathertight installation
- Available in various projections so you can choose the design that fits your style
- The Bay window offers angled casements or double-hungs for distinction, while the graceful curves of the Bow window add elegance to any room

Completely transform a room and add dimension and distinction to your home with the Silver Line® Series 6600 replacement bow window (with casements) or Series 6200 bay window (with double-hung flankers) and 6700 bay window (with casement flankers). Available in multiple configurations, these windows create an attractive focal point, offering unlimited design possibilities. It's a great way to bring light into your home and capture the beauty of the outdoors.

Color

These Silver Line® vinyl windows are available in white and beige. The color is consistent throughout the frame and sash, making scratches virtually invisible.

Beige

Energy Efficient Glass Options

All Silver Line windows and doors are available with energy efficient, dual-pane glass options to achieve the level of comfort and energy savings you are looking for. These windows offer:

LoE2 Glass – Designed to efficiently and transparently reflect heat, this glass helps keep your home warmer in the winter and cooler in the summer. This can help reduce your energy bills while still ensuring exceptional clarity.

LoE3 Glass – This highly efficient glass helps reflect even more heat, resulting in increased comfort and energy savings year-round.

Argon Gas Fill – An odorless, non-toxic gas that helps reduce heat loss, helping to save on heating costs.

Other Glass Options Include:

- Clear Glass
- Obscure Glass
- Tempered Glass

Obscure Glass

Tempered Glass

PARTNER OF THE YEAR

Andersen Corporation, including its subsidiary Silver Line Building Products LLC, earned the 2010 ENERGY STAR® Partner of the Year award.

Hardware

Color coordinated to match the window and designed to provide easy operation. The folding handle eliminates interference with shades and blinds.

Folding Handle (Closed)

Folding Handle (Open)

Lock

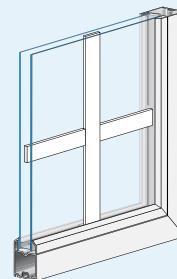

* Available with flat grilles only

Printing limitations prevent exact color duplication. See your Silver Line supplier for actual color samples.

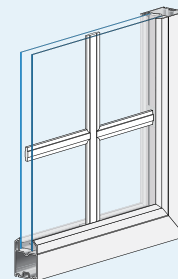

Silver Line does not warrant that inert gas infills (such as Argon gas), sealed in the insulated glass unit at the point of manufacture, will not dissipate over time. Silver Line reserves the right to change product designs, specifications, details and pricing at any time without prior notification.

Grilles and Patterns

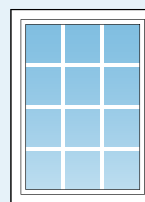

Our grilles-between-the-glass options are specially designed to enhance your home's décor and make cleaning your windows a breeze. Grilles are available in several different patterns that are sure to add style to any home.
